

BankLink Weekly Data

You can download your BankLink data securely and easily over the Internet using BankLink Secure. To further smooth the workflow for many clients you can download data with BankLink Secure on a weekly basis.

The following financial institutions can provide data on a weekly basis:

- ABN Amro Morgans Managed Portfolio Service
- ANZ
- Bank of Melbourne
- Bank of New Zealand Australia (BNZA)
- Bank of Queensland
- BankSA
- BankWest
- BankWest Cash Management Accounts
- Challenge Bank
- Commonwealth Bank
- Commonwealth Bank Credit Cards
- HSBC
- Macquarie – banking division
- Macquarie Investment Management – Cash Management Trusts
- National Australia Bank
- National Australia Trustees – At Call Common Fund A1
- St. George
- Suncorp
- Westpac
- Westpac – Cash Management Accounts

Weekly data is available to download each Monday of the month, with the last few days of the month, where applicable, being included in your standard monthly download. All practices requesting weekly data are notified by email each Monday that the data is available. Usually the Monday weekly download will comprise all data for the previous week up to and including Friday.

Ordering weekly data for clients' bank accounts

To request weekly data, complete the attached form and return it to BankLink Client Services.

We will register the selected bank accounts and send you an email when the first weekly transactions are available. The additional monthly charge will be added to your monthly invoice.

For more information about weekly data, please contact BankLink Client Services:
